SAN FRANCISCO, CA (November 17, 2025) – Jessica Silverman is pleased to participate in **Art Basel Miami Beach**'s 2025 edition, running from **December 5 to 7** at the Miami Beach Convention Center.

For our 12th year at the fair, we are hosting a group exhibition of new work by the artists listed below. We'll be in **Booth A04**, on the beachside wall of the fair, between the East A and East B entrances.

Among the work fresh out of the studio, we will have one historic piece from **Judy Chicago**'s art-historically important "Birth Project." Titled *Birth Trinity Quilt 1* (1983), the complex textile or tapestry is nearly eleven feet wide by five feet high. It is an origin story or a retelling of Genesis that puts women at the center of the universe.

On the occasion of **Woody De Othello**'s solo show at Pérez Art Museum Miami, we will also have one large-scale bronze and two smaller ceramic pieces by the Miami-born Bay Area artist at the fair.

The booth will also host a suite of oil paintings by **Guimi You** – a mini-solo inspired by a recent journey to South Korea's Jeju Island, the new works capture narratives of resilience, independence, and communion with the natural world.
